Mrs. Ruby Briggs is a patient at the Pike's Hill nursing home, Norway.

Mrs. Maud Bean underwent surgery at Stephens Memorial Hospital, Norway, Wednesday.

Mr. and Mrs. Keith Bartlett and family moved Saturday to their new home on Paradise Road.

Richard Leighton was taken to the Herick nursing home, West Paris, by ambulance on Wednesday.

Mrs. John Greenleaf, Mrs. S. S. Greenleaf, Mrs. Marah Webster and Mrs. Ernest Perkins are in Lewiston today.

John Greenleaf and Irving Brown attended open house on Sunday at Civil Defense Headquarters, South Paris.

Douglas Bane returned to his home Friday from the CMG Hospital, Lewiston, where he had been a patient for two weeks.

Edmund C. Smith, Wydeacre Farm, West Bethel, recently sold two registered polled Hereford cows to Kenneth P. Kenyon, Jefferson, N. H.

Mr. and Mrs. Henry Swan and family are living in the apartment in Pat Grenier's house, formerly occupied by Mr. and Mrs. Duane Lambert and family.

DEADLINE NEARING FOR ALIEN REGISTRATION

C. C. Doughty, District Director of the Immigration and Naturalization Service reminds aliens in Maine that Saturday, January 30, 1965, is the deadline for filing address report forms as required under provisions of the 1952 Immigration and Nationality Act.

The Immigration official urged aliens who have not yet filed their address reports to do so no later than January 30 to avoid possible penalties.

Mr. Doughty said the law requires that every alien except those having diplomatic status, representatives of certain international organizations and persons admitted temporarily as agricultural laborers must file the address report during January of each year at the nearest Post Office or Immigration and Naturalization Service office.

Mr. Doughty said an estimated 19,000 aliens in Maine have filed address reports so far this January.

A total of 21,000 aliens filed address reports in Maine last year.

Mrs. Hilda Donahue, Boston, is spending a few days at her home on Mason Street.

Mrs. Eleanor Bean and Mrs. Elizabeth Bane attended funeral services for their aunt, Mrs. Grace Lyon, on Monday afternoon at Memorial Chapel, Auburn.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The first meeting of the budget committee was held on Tuesday night of this week. The committee has the same members that were on the committee last year. The Chamber of Commerce was represented by two of its members and they made the presentation of the request for 1965. The school budget was presented and questions were answered by the Bethel School Committee and the Superintendent of Schools. The budget committee will have a report for the paper with the requests and recommendations that have been made.

The snow has held off very good but the highway crew has been kept busy sanding and salting and repairing trucks. All of the equipment is in operating order right now but that is not saying that it will be tomorrow. There have been some strange and unusual repairs this winter. Parts have failed that very seldom fail.

Excise tax payments have been earlier this year than last. To date 162 vehicles have been excised compared to 104 on this date last year. It certainly helps to have the payments made early. Of course, there will be a rush the last two weeks of February but it will not be as bad as usual if the trend of early payments continues.

The next meeting of the budget committee will be Monday, January 25, at 7:30 p. m.

The planning board has a public hearing scheduled for the middle of February. The hearing will be concerned with zoning changes and the most important changes are the sections regulating signs and mobile homes. The date and subjects of the hearing will be in a later issue of the paper.

A PRESIDENT IS INAUGURATED

Now on the 20th day of January 1965 Lyndon B. Johnson is President of our great country in his own right and Hubert Humphrey is Vice President. Through the mystic power of television the solemn inaugural ceremonies and the parade up Pennsylvania Avenue with all the pomp and pageantry past the presidential box were brought into homes in America and many foreign countries.

Of President Johnson's inaugural address, spoken with dignity and deliberation, it can be said we are reminded of words uttered by President Lincoln in his second inaugural address nearly a century ago, on March 4, 1865: "With malice toward none; with charity for all; with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in; to bind up the nation's wounds; to care for him who shall have borne the battle, and for his widow, and his orphan—to do all which may achieve and cherish a just and lasting peace among ourselves, and with all nations."

FOREST SERVICE WELCOMED BY CHAMBER OF COMMERCE

The Greater Bethel Chamber of Commerce welcomed the personnel of the new Forest Ranger station this week. In addition, personal letters were sent by Chamber Secretary Al Barth to each of the seven personnel, welcoming them to Bethel and offering any assistance they might need in getting settled.

Welcomed to Bethel were: N. D. Shirley, District Ranger, and Myron Smith, Herbert Lee, Norman Arsenault, Lawrence Brown, Lyle Wiggin and Annette Martin. Ranger Shirley commented that he and his staff have noticed the interest of Bethel citizens in the new Ranger offices. He also expressed his anticipation of enjoying his work in Bethel. It is hoped that everyone will share in welcoming this new business to our community.

COMMUNITY ROOM DISCUSSED AT MEETING OF BETHEL PLAYERS

Bethel Players met Tuesday evening at the home of Emily Saunders. In view of the coming town meeting, there was much discussion concerning the Community Room proposal.

Since their re-organization over a year ago, the Players have raised approximately \$1500 which has been deposited in the Bethel Savings Bank in the "Bethel Community Center Fund," and they have been devoting their efforts towards the continuance of this cause. This fund was started by interested individuals who realized the great need for such a recreation center in the Bethel area. It is reported that while the Bethel Players actually do not advocate a community room being connected to the new fire station, if and when built, they do not wish to lose the use of the present Community Room until a replacement is available.

Tentative plans for an early fall musical play were discussed, and Margaret Bean, Sue Farrar and Pat Hudson were appointed to a reading committee.

Arrangements are being made to hold some workshop meetings for members and guests. It is anticipated that representatives may possibly attend workshops at the next "Amateur Players Convention."

The next meeting will be held on Thursday, February 11.

Mr. and Mrs. Francis Backman are living in an apartment in Pat Grenier's house, Main Street.

Bethel's Caterpillar No. 12 man, is shown at the right. The grader purchased to replace a smaller model is pictured above. This morning where the photo Bob Davis, Bethel road foreman, was taken.

Public Parks Theme for B.A.D.C. Annual Meeting, Feb. 9

Roger D. Luce, President of the Bethel Area Development Corporation, announced this week that the Seventh Annual Meeting of the organization will be held at the Sudbury Inn on Tuesday, February 9, 1965. Dinner at 6:30 p. m. will be followed by a brief business session and an interesting program concerning the state and national parks in the Bethel Area.

Lawrence Stuart, Director of State Parks will present the current program of the State Park Commission for the development of Grafton Notch State Park. As many residents of the Bethel Area know, the acquisition of land for this new park was a major project of the B. A. D. C. extending over a period of several years culminating in the funds being made available for its purchase by the 101st Maine Legislature. This winter, the 102nd Legislature will consider an appropriation for the early stages of the Park's development, and Mr. Stuart will outline the work that will be done if the request for funds meets with success at Augusta.

MRS. MCCOY TO BE GUEST AT OPEN HOUSE

An open house will be held in honor of Mrs. Geneva Johnston McCoy at the home of Mrs. Hugh Thurston, Vernon St., on Tuesday, Feb. 2nd, from 7:30 to 10:00 P. M.

All her friends are cordially invited to attend.

Schools in Bethel were not in session Friday due to the extreme cold. Drivers were unable to start the buses in the 30° below zero temperature.

Mrs. Donald Cross, Mrs. Stanley Davis and Mrs. Dana Brook, attended a Girl Scout Troop Neighborhood meeting at Bethel, January 19.

Charles Chakmakian, head of the Service Department at Bethel, became the first new member in 1965 of the Greater Bethel Chamber of Commerce.

Another interesting development for the Bethel Area is the recent opening in Bethel, of the headquarters of the Evans Notch District of the White Mountain National Forest. Noyes D. Shirley, District Ranger, and a new resident of Bethel, will tell those present at the meeting what the move to this community will mean in an economic way, and he will explain the work of the Forest Service.

All interested residents of the Bethel Area are invited to attend this interesting meeting. Reservations may be made by calling the secretary, Guy P. Butler, at 824-2175.

The Week in Oxford County

Officers of the Oxford County Retired Teachers Association are Mrs. Eugene Staples, Norway, president; Mrs. Cora Hall, Denmark, recording secretary; Miss Agnes Gray, West Paris, first vice president and Mrs. Esther Boyington, Brownfield, second vice president and membership chairman, Mrs. Lilla V. McAllister, Norway, corresponding secretary and Ober Kimball, South Waterford, treasurer.

The operators of the Sunday River Ski Area had 700 yards of snow trucked to the slope from a nearby farm. President Murray Thurston said that 160,000 square feet of the lower slope received the equivalent of an eight inch snow fall. There was fair to good skiing last week end.

The farm home of Mr. and Mrs. Richard Murphy and family on Crockett Ridge, Norway was gutted by fire Monday morning. The property was reportedly insured. The Murphy family is staying with relatives.

Mike Mckeriez of the Chisholm Ski Club, Rumford, was second in the Junior A competition at the Hanover Invitational meet at Hanover, N. H. Sunday.

Oxford County Agricultural Society elected the following officers at the annual meeting on Tuesday: Howard McDonald, president and treasurer; Leon Newcomb, vice president; Gordon Rideout, secretary.

Joseph S. DeFillipp, son of Mr. and Mrs. Dominick DeFillipp, Harlow Hill, Mexico, is one of twelve Maine students to be nominated by U. S. Sen. Edmund S. Muskie to take final competitive examinations for appointments to the United States Military Academy at West Point. He will graduate from Mexico High School this year (1965).

Dixfield Girl Scout Leaders, acted as hostess group for the meeting of Telstar Neighborhood of the Kennebec Girl Scout Council Tuesday evening at the Dixfield Social Building. Miss Mary Elizabeth Allen, field director, arranged the program. Telstar Neighborhood takes in Bethel, Rumford, Hanover, Mexico, Dixfield, Peru and Canton.

Eugene Holt, 38, of Spring Avenue, Rumford, was resting comfortably as could be expected Sunday at Rumford Hospital after a leap from Memorial Bridge in what police termed a suicide attempt.

Fire destroyed the home of Edward LaPlante on High Street in Canton Monday. Nothing was saved from the building.

Sumner L. Burgess, Bethel, has been appointed manager of timberlands and forestry at the Oxford Paper Company's wood department. He has been Superintendent, timberland and forestry since July, 1961.

GOULD ACADEMY G. A. SKI TEAMS VICTORIOUS

Could ski teams swept to victory in last Saturday's meets. In a three-event meet the boys edged powerful Holderness School 291.73 to 292.63 while the girls' team was easily defeating the Kents Hill girls 59.37 to 59.03 in slalom.

In the morning boys' Slalom race at Sunday River Gould finishers were Ross Hunter, 2nd; Glen Langley, 3rd; Steve Moore, 6th; Gene Tebbetts, 7th; Ken Remsen, 8th; and Jack Brooks, 9th.

In the afternoon jumping event Mike Bates was the winner, followed by Rod Swain, 4th; Ray Saunders, 5th; Warren Tibbetts, 7th; Bob Remington, 8th (1st) and Bob Remann, 11th.

Later in the afternoon the Huskies showed real cross-country strength as they placed Gene Tebbetts, 1st; Ray Saunders, 2nd; Warren Tibbetts, 4th; Jack McMillin, 5th; Jack Brooks, 9th and Dave Carter, 10th.

Gould finishers in the afternoon slalom race with the Kents Hill girls were: Laurel Dasko, 1st; Jane Howe, 2nd; Beth Rargent, 3rd; Eileen Saunders, 5th; Mary Russell, 7th and Heidi Olsson, 10th.

This coming weekend is an important one for both ski teams and will give each one a chance to show its strength against several opponents. The boys will be at the Edward Little Carnival where they will find themselves contending with Rumford and Berlin as well as the host school. The girls' team is hosting four schools in one of the largest independent girls meets ever held at Sunday River. St. Mary's in the Mountains of Littleton, N. H., Fryeburg Academy, Waynflete School from Portland and North Conway's Kennebec High School will provide the opposition.

Gould Academy students, Christine Sanborn and Willard Boggett attended the New England Student Government Association meeting which was held at Andover Academy in Andover, Mass., on Saturday and Sunday of last week. They were accompanied by Willard Myers, who is an advisor to the Academy's Student Activity Council.

Joining student representatives from fifty other independent schools from throughout New England they took part in small group discussions covering student participation in academics, extra-curricular activities and athletics and student conduct and dress.

On Tuesday morning, at the regular Student Activity Council meeting, they reported back to their group on ways to use these findings to improving student life and student performance at Gould.

William Spinney was in the Veterans Hospital, at Togus, for a check up the past week.

Mrs. Mary Morin was in Lewiston Sunday to see her daughter, Mrs. Nancy Kimball, with her parents, the C. Ramseys, from Rockland.

Mr. and Mrs. Paul Shaw were in Ketchum Sunday.

Mrs. Jeannine Fleet stayed with the Morin children while their mother was away.

Gardner Brown was in Ketchum Sunday.

R. M. Fleet is the one this week to be on the sick list with a bad cold and David Fleet helped sand the road in his place.

Les Stevens, to a first period injury the Gould team fought the favored Bucks to a standstill for three quarters of the game. Opening the fourth quarter tied, the academy boys could only score six points while their opponents were amassing 19.

GOULD VICTOR

A free throw by Steve Mahler with 15 seconds left on the clock gave Gould Academy an uphill 55-54 Western Maine Conference basketball triumph at Monmouth Academy Tuesday night. The host Mustangs were out front at the period breaks 16-10, 32-25 and 41-36.

Mike Chretien and Mahler were high men for the winners with 19 and 11 points respectively. The hosts countered with Ken Robertson (23) and Dan Cammack (14). Gould also won the Jayvee prelim.

in nearby towns, and to have a Senior Citizens party in May for all Andover residents over 65 years of age. It was reported that 55 pupils attend the East Andover Sunday School with seven teachers. Nine Bibles were given out at Christmas. Members collecting for the March of Dimes turned in their money. The Valentine meeting will be on Feb. 9 at the home of Mrs. Sylvanus Glover with Mrs. William Simmons Jr. as co-hostess.

Mr. and Mrs. Ellsworth Rus-

sell, Eaton Center, N. H., held open house on Sunday, Jan. 17 in honor of her brother and sister-in-law, Mr. and Mrs. Robert K. French, Conway, N. H., formerly of Andover, who were observing their 25th wedding anniversary. Their three oldest children assisted in the celebration. Miss Linda French, Portland, had charge of the gifts; Miss Carol French, Freshman at the U. of N. H., circulated the guest book and Keith French greeted friends, neighbors and relatives as they arrived. They also have two other

sons, Marshall and Frank, students in the public schools at Conway.

Mrs. Russell made the decorated wedding cakes. A daughter-in-law, Mrs. Keith French, assisted by a niece, Mrs. Eugene Gray, had charge of the refreshment table.

Mr. and Mrs. French, the former Mary Abbott, were married at the Andover Congregational Parsonage on Jan. 20, 1940, by Rev. George M. Keves. Their attendants were Miss Violet Peters, now Mrs. Robert B. Swain, East Andover, and Ar-

cher D. Poor, Jr., Andover.

Attending the open house from Andover were Mr. and Mrs. Albert Dunn and Mrs. Robert B. Swain.

The bookkeeping and typing classes sponsored by Andover High have been completed.

Mr. and Mrs. Archer Poor left Jan. 17 for New York to attend the Boat Show. Enroute they planned to visit with his sister in Cambridge, Mass., and friends in Stamford, Conn. Mrs. Lucy Thurston took care of the family during their absence.

WINTER CARNIVAL
MARCH 12 - 14

The week end of March 12 to 14 has been set aside as the date for the first area winter carnival to be sponsored by the Greater Bethel Chamber of Commerce. The Chamber's winter sports committee, headed by Addison C. Saunders and Joe B. Farrow, held a preliminary session at the Norseman Inn, Saturday.

According to first suggestions, the scheduled events will begin at about 9 Friday evening and conclude Sunday morning. A feature of the carnival will be interchange of "lift" tickets between the areas two ski resorts, Mt. Abram and Sunday River.

Committee members will report back at 7 p. m. Wednesday on their progress with such activities as a bonfire, torchlight parade, family racing, snow vehicle events, informal dancing, Saturday night entertainment and a Sunday skiers' breakfast and church services.

Committee members who will in turn be sub-committee chairmen are Mrs. Norma Jodrey, Mrs. Samuel Timberlake, Claus Wiese, Donald Gross, Vel Gardner, Murray Thurston, Paul Kelley and chamber president, Burdick Pierce.

CONTRIBUTIONS FOR
BOY SCOUTS BEING
SOLICITED THIS MONTH

The Pine Tree Council, Boy Scouts of America, which serves the northwestern part of Maine, is now making its annual request for funds to carry on the scouting program. A meeting of solicitors and Troop Committee is being held this evening at 7:30 at the Congregational Church Chapel. A list of solicitors and streets to be covered will appear in next week's Citizen.

As a matter of interest our Bethel Scout Troop No. 565 now has 48 boys on the roster, the largest number in recent years. Good progress is being made in the troop activity program.

The Troop Committee for 1965 includes Richard Waldron, chairman; Stanley Fox, Guy Gibbs, Henry Hastings, Alton Howe, James Hutchins, Robert Jackson, John Trinward, and Carroll Valentini.

The Scoutmaster is Ernest Perkins. Assistant Scoutmasters are Stanley Davis, Irving Cummings, Robert Davis, Ernest Mundi, Clarence Remington, and Frank Vogt.

Our boys and scoutmasters are putting a lot of time and work into troop activities. The Scouting program in this vicinity is worthy of generous support for the Pine Tree Council and the Rangely District which serves this area.

NEZINSCOT RIVER
WATERSHED PROJECT
SPONSORS GET REPORT

The sponsors of the Nezinscot River Watershed Project met at the Vo-Ag Room at the Fire Station in Buckfield on January 13. Lerone Damon, Treasurer of the Oxford County Soil Conservation District, acted as moderator for this meeting. The sponsors attending the meeting were selectmen from the towns of Turner, Buckfield, Sumner and Hartford; Supervisors from the Oxford County and Androscoggin Valley Soil Conservation Districts.

The purpose of the meeting was to learn from the Watershed Planning Party of the Soil Conservation Service, the results of the survey of the project and alternatives open to the sponsors for development.

Lewis Parlin and Galen Bridge of the Soil Conservation Service explained the alternatives. The purpose of the project is to prevent flooding and provide man-made lakes for recreational uses along with improved land and woodland treatment and municipal and industrial water supplies.

Four main sites were discussed. Several other sites in the watershed were investigated but four are now under consideration for development. These are a dam on Basin Falls Brook in Buckfield. This would be a flood storage site only. There could be an eight acre permanent pool here and the local expense would be of land easements on 51 acres of flood storage area to take care of the biggest rain in 100 years.

The second site discussed is on Darnit Brook in Buckfield. This would also be a flood storage site only. A permanent pool of 5 to 6 acres could be made here at no cost to the owners by using the borrow for the dam. Easements for approximately 110 acres would have to be obtained for the flood storage. Flood storage water could be run off in a 3 to 10 day period. Grass or trees would not be injured by temporary flooding. If owners or sponsors were interested, it would be possible to create a lake 5 or 6 feet deep and with an area of about 70 acres in size for an estimated \$50,000. This would be a local cost entirely.

The third site discussed is the west branch of the Nezinscot in Sumner. This site could be a flood storage site only or a multiple purpose site of flood storage and recreation development. There are two choices in

the multiple purpose category. One choice would create a lake of 875 acres in size with a maximum depth of 29 feet, an average depth of 14.5 feet. This height of dam would provide approximately 32,400 feet of shoreline on soil with a good suitability for cottage sites and septic sewage disposal. All financial figures in these discussions are only estimations at this time. It is estimated that the 875 acre project would cost about \$343,000. This cost would be broken down into some \$100,000 provided under the Federal Flood Prevention Act and \$143,000 provided by local sponsors.

The second choice on West Branch could be a 1015 acre lake with a maximum depth of 31 feet and an average depth of 17 feet. This choice would provide about 45,600 feet of shoreline of good cottage sites and septic disposal suitability. This could provide 456 lots 100 feet wide with estimated cost of \$423,225 provided from Federal funds and \$193,115 provided locally.

The fourth site discussed at the sponsor's meeting is the site on Jersey Brook in Buckfield and Turner. There are three alternatives of permanent water level. These three choices range from a lake of 890 acres to one of 360 acres to a maximum site of 1060 acres. The 360 acre lake appears to be the most sensible choice for various reasons including cost and the presence of a cemetery.

The 360 acre lake would have a maximum depth of 30 feet, an average depth of 17 feet and would provide 60,250 feet of shoreline on soil of good suitability for cottage sites and

septic sewage disposal.

The sponsors will undoubtedly include a recreational facility on at least one of the sites. This would include a parking lot, picnic grounds, camping grounds, boat launching site and a bathing beach. About one half of the cost of recreational facilities are borne by Federal funds and one half by local funds.

The sponsors will hold more meetings in the immediate future to make tentative decisions to be included in the work plan for the watershed project.

The work plan will be submitted to congressional committees for approval. After congressional approval is made, it will be up to local people to put the plan into operation.

U. OF M. TO HONOR
FARMERS - HOMEMAKERS
AGAIN THIS YEAR

Two Maine men and two women will be honored for service to their communities and to the state during the annual Outstanding Farmers and Homemakers banquet to be held during Farm and Home Week at the University of Maine this spring.

The recognition ceremonies, a traditional event during the annual Farm and Home Week program, will take place Tuesday evening, March 30, in the university's Commons West main dining hall.

Selection of the recipients will be based on the nominees' contributions to the welfare of their communities through leadership and to the agricultural or home life of their towns, counties, state or nation; their devotion to lives as farmers or homemakers; and their success in their fields of work.

The event will be one of the highlights of the three-day Farm and Home Week program scheduled for March 29-31. This year's session will begin Monday, March 29, with a science seminar, meetings of the Maine Extension Associations and a forestry forum.

On Tuesday and Wednesday, March 30 and 31, attention will be focused on agricultural commodity meetings and subjects of general interest to women.

DOG LAW PROTECTS
DEER DURING WINTER
MONTHS

Dog-owners are reminded that Maine law prohibits allowing dogs to roam at large during February, March, and April in areas inhabited by deer.

Chief Warden Maynard F. Marsh, Maine Fish and Game Dept., says that in some parts of the state, dogs are already chasing and killing deer, and the situation could get worse if more snow falls and a heavy crust forms.

"A crust which will support a dog but not a deer will leave deer open to attack by free-running dogs," Marsh noted, and when this happens we usually have a heavy toll of white-tails.

"Under Maine law, a warden may dispose of any dog caught chasing deer," the Chief Warden added. "I would rather see the problem solved by having dog-owners keep their dogs under control as the law directs."

Many dog-owners are unaware that their pets chase deer, but the chase is natural instinct for a dog and, given the opportunity, a household pet may turn into a vicious deer-chaser.

The multiple purpose category. One choice would create a lake of 875 acres in size with a maximum depth of 29 feet, an average depth of 14.5 feet. 20 SECONDS WITH THE NAZARENE

A little girl was timid in bed when the lights were turned off. By and by she saw the moon shining. "Is the moon God's light?", she asked. "Yes," her mother said, "the moon and the stars are all God's lights." "Will He blow out His lights and go to sleep?" "No," replied her mother, "God's lights are always burning." "Well, Mother," said Ethel, "while God's awake I'm not afraid!"—Selected

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read Psalm 103:18-18
Let not your heart be troubled; ye believe in God, believe also in me. (John 14:1)

In these words our Master is saying to us today, as He did to those gathered in the upper room nearly two thousand years ago, that the universe is in the hands of the heavenly Father. Life is not easy, but the hardest hour God will not let us down if we have faith in Him. This is Jesus' answer to life's ultimate questions. These words of His have stilled more grief and steadied more souls in time of trial than any others ever spoken.

We must never forget that we belong to God. There is no closer relationship than belonging. We must bear in mind also that we belong to one who never breaks His word. In giving His words of assurance, our heavenly Father means what He says.

As we sorrow, God is there ready to comfort and strengthen us. As we become involved in perplexing problems, He is there to place ourselves and our situations before Him. God never lets us get out of His sight. Together with Him, we think, feel, love, and decide.

PRAYER: O God, our Creator and our heavenly Father who art always by our side, we thank Thee for this relationship and close companionship. We seek Thy grace this day to overcome our frailties; through Christ our Lord. Amen.

Thought For The Day
Life is not easy, but in the hardest hour God will not let us down.—Tolly Harris (Texas)

Report to MAINE
Senator Z. McKim

President Johnson's comprehensive recommendations on education and Senator Vance Harlike proposed legislation on higher education are especially significant to Maine.

With our state trailing all others in the per cent of high school students going on to college, I am particularly enthusiastic about the increased opportunities these measures would offer our young people.

The President's bill would mean more than \$5 million in expanded opportunities at all levels of education in Maine. I am heartened by the scope of the President's program, and I endorse it in principle.

The portions of the President's program dealing with higher education are similar to Senator Harlike's legislation, and I am co-sponsoring Senator Harlike's bill.

The provisions of the President's comprehensive program have been explained in some detail in the daily press. In general terms, the program would provide assistance to pre-school youngsters in the sums, elementary and secondary school pupils in the nation's pockets of poverty, and college scholarships and other help for worthy and needy high school graduates.

As President Johnson said, the \$15 billion in new costs for his program "is a small price to pay for developing the nation's most priceless resource."

The Harlike bill deals just with financial aid for college students, while the President's bill also includes college classroom construction funds, the strengthening of library resources, faculty enrichment programs, grants for research efforts and the utilization of colleges and universities in dealing with national problems, such as poverty and community development.

Both bills would provide grants for a minimum of 100,000 college students a year, with the program expanding by at least 100,000 a year for four years.

In addition, both would provide for work-study programs to help students meet their college costs. The Harlike bill would include 333,000 students under this program annually, while the President's bill would expand support for existing work-study programs.

Both bills would expand guarantees on student loans. The Harlike measure for instance, would eventually provide up to a billion dollars in credit for guaranteeing the student loans.

The goals of these measures reflect the highest traditions of the American dream of equality and opportunity.

Knowledge is increasingly the bridge to equality and opportunity, while ignorance, as the President said, is the laproot of poverty.

The proposals represent a continuation of our national philosophy on education begun more than a century ago under President Lincoln with the establishment of the land grant college program. Under the programs recommended by the President and Senator Harlike, the nation would be making a more intensive commitment to her youth.

PLANNING BOARD Minutes of the Planning Board Meeting, January 12, 1965.

Members present: Chairman Henry Hastings, Earlton Paine, Arlan Jodrey, Norris Brown, Carroll Valentine, Charles Heywood and Ruth Ames. Members absent: none. Guests present: Michael Houlihan, Claus Weise, and Philip Dufour of the James W. Sewall Company.

The minutes of the December 17th meeting were approved. Chairman Hastings introduced Mr. Philip Dufour of Old Town, Maine who gave a very interesting presentation of the work involved in making a comprehensive plan for Bethel, presenting examples of maps required in order to evaluate future requirements for services such as water, sewers, sewage disposal, highways, schools and fire protection.

Mr. Dufour stated that the cost of the plan would be \$12,500.00, of which the Federal Government would contribute \$8,333.00 or 66 2/3%, the State \$1,042.00 or 8 1/3%, thus leaving only \$3,125.00 or 25% to be met by the Town.

After a general discussion, it was agreed that such a presentation at the February 2nd meeting of the Greater Bethel Chamber of Commerce would do much to insure the adoption of the Board's proposal to include in the Town Warrant an article to raise the money necessary to authorize the project.

Mr. Dufour agreed to be present at the meeting. It was agreed that if possible the Chamber should pass a resolution supporting the financing of the comprehensive plan.

Chairman Hastings agreed to write the members of the Budget Committee urging them to attend the Chamber meeting on February 2nd.

Mr. Dufour indicated that it would take from twelve to fourteen months to complete the survey. Several months of this period would be required to process the Federal financing, all monies being put in the hands of the State Department of Economic Development which would supervise the work.

A summary of the Board actions during the past year on recommending revisions of the present Zoning Ordinance were reviewed. With reference to Trainers, the action taken at the November 13th meeting was to adopt the ordinance of the Town of Brunswick. This was reviewed and after discussion, revised and adopted as follows:

1. Any person wishing to maintain, establish, station or park a mobile-home for dwelling purposes elsewhere than in a mobile-home park shall apply to the Building Inspector on a form furnished by him for a permit to do so.

2. Permit Requirements: Before granting any permit applied for under the preceding paragraph, the Building Inspector shall require proof of adequate water supply, assured storm drainage, and safe sewage disposal, duly certified by the Town Health Officer in writing.

3. Restrictions: (a) When parked each individual mobile-home shall be so placed as to conform with land area, yard space and other zoning regulations applicable to dwellings in the zoning district in which such mobile-home is then located. (b) No cabins, awnings or other structural additions shall be attached to a mobile-home unless the plans for same have been approved by the Building Inspector.

It was agreed that the Board's recommendations would be submitted at a public hearing to be held on Wednesday, February 17, 1965, in the office of the Selectmen.

It was agreed that a print-

RECOMMEND WORKERS PAY SHARE OF UNEMPLOYMENT INS.

As a means of cutting down on chiselling on unemployment compensations, the nation's independent business proprietors heavily favor legislation that would require employees to pay half of the cost of unemployment insurance.

A special year long survey conducted by the National Federation of Independent Business shows that 81.3% of almost 70,000 independent business respondents favor such a move.

At the present time, all premiums for unemployment insurance are paid by the employers, with employees assuming no responsibility for providing for themselves in the event of unemployment.

"If the chiselling were eliminated," Mr. Harder states, "it is quite possible that the bonafide employed could get greater benefits from the fund."

Thus, he says, it is the viewpoint of the independent business proprietors that if the employees were to pay half of the cost of unemployment insurance, they would be active in uncovering and bringing to light a great deal of the present misuse of the system.

Advertising should be used to serve as a smoke screen for illegitimate marketing methods. That appears to sum up the attitude of the nation's independent business proprietors.

In a year long field survey conducted by the National Federation of Independent Business, to which there were almost 70,000 respondents, 63.5% asked for curbs on manufacturer's advertising allowances, with only 11.2% opposed, and 23.5% undecided.

This is interpreted by C. Wil-

son Harder, president of the Federation, as support for the work started last year by the Senate Small Business Committee, headed by Sen. John Sparkman (Alabama) investigating the abuses of so-called cooperative advertising.

Many manufacturers give dealers an allowance for advertising the manufacturer's product. However, the practice has developed of giving such funds as a special discount to favored customers without requiring that the money be actually spent in advertising.

The independent business proprietors would like to see control tightened up so that advertising money will not be used for illegal discriminatory "kickbacks."

That which refines character at the same time humbles, exalts, and commands a man, and obedience gives him courage, devotion, and attainment.

Luci Baines Johnson Will Head March of Dimes Teen Program

Luci Baines Johnson, America's most famous teenager, will be honorary chairman of the 1965 March of Dimes Teen Age Program against birth defects. Luci, who has some very strong opinions about young people and their place in society, is leading a task force of thousands of young people in the fight against birth defects.

"There are a lot of good and useful things we can do right now—without waiting to turn 20," she says.

Her opinion is confirmed by March of Dimes spokesmen. "Teen-age volunteers are among our most dedicated workers. Their interest, their contribution of time, talent and energy has been impressive. There can be no doubt that they have played a significant role in the conquest of polio."

Cites New Hope

"The victory over polio gives us heart and hope that answers can be found in an infinitely more complex disease area—birth defects. It is a problem to which young people have a special stake—not only because of the large percentage of babies born to mothers under 20 but because of the relationship of the health of teenagers to that of their future children," Luci points out.

More than a quarter of a million seriously defective infants are born in this country each year—each every other minute—700 a day. The problem of birth defects is far greater than polio ever was.

Young people who have joined the Teen Age Program of the 1965 March of Dimes fight against birth defects will shoulder many responsibilities.

Many are helping to carry out the public education program against birth defects. Others are assigned to help in various ways with the March of Dimes help out at one of the more than 2,000 local chapters of the National Foundation-March of Dimes.

The purpose of the Teen Age Program (TAP) of the March of Dimes is to acquaint teenagers with the problem of birth defects—a major health problem which affects them, their families and their communities in which they live.

TAP also gives young people the opportunity to help solve these problems through year-round programs of education, service and fund raising.

Most TAP volunteers work through school or club groups, teaming up to work on planned projects or to initiate programs of their own.

Help Plan Programs

March of Dimes educational programs provide material for club and organization meetings, films, publications and exhibits on the subject of birth defects are available for meetings. Local chapters can help plan a program and supply a speaker to discuss the problems of birth defects, new treatment techniques and research breakthroughs.

Through a program of Health Career Awards, many chapters of The National Foundation offer March of Dimes scholarships to attract students to the health fields. Ranging from \$100 to \$500 per year, these awards are "starter incentives" to help students begin their first year of professional study in the fields of medical social work, medicine, physical therapy, occupational therapy and nursing.

TAP projects range from helping to distribute literature to being of service to patients and to helping raise funds for research and patient care.

Dances, Games Help

Teenagers have raised money for the March of Dimes by putting on dances, basketball games, contests of all sorts and sales of everything from balloons to garden seeds. Much of this money has gone into the establishment of 50 March of Dimes birth defects centers throughout the country.

These birth defects centers make diagnosis, evaluation

and treatment available to their communities. So great is the birth defects problem, however, that the nation needs triple that number of centers, according to Dr. Daniel Bergman, medical director of The National Foundation-March of Dimes.

As energetic members of The March of Dimes Teen Age Program, young people have proved that they are capable and eager to take greater responsibility in public service. With marriage and a family in their future, teenagers have a great personal interest in solving the problem of birth defects—these "accidents of nature" which add up to the biggest child health problem in this country today.

EAST BETHEL SAILOR IN MEDITERRANEAN MANEUVERS

Gunner's Mate Seaman George L. Crockett, USN, son of Mr. and Mrs. Jonathan L. Crockett of Route 1, East Bethel, participated Jan. 6-15 in an amphibious landing operation called MEDLANEX 1-65 while serving aboard the guided missile frigate USS Yarnell.

The exercise, which took place on the beaches of Porto Seudo and Cape Tsulada, Sardinia, was conducted to give both Marine and fleet units training in conducting full scale amphibious operations.

During the live firing exercise, Marines landed from ships and helicopters. In the helicopter landing phase, called vertical envelopment, Marines are flown over and behind enemy lines to cut off enemy supplies and reinforcements.

Training operations of this type are conducted periodically by units of the Sixth Fleet in the Mediterranean to insure the

GOULD TO PRESENT ONE-ACT PLAYS FEB. 13

Three one-act plays, combining elements of comedy and drama, are being readied for presentation by an all-senior group of Gould thespians under David Thompson's direction for production on the evening of Saturday, Feb. 13, in Bingham Auditorium. These are in a sense substitutes for the traditional full-length Senior Play of three acts, giving seventeen seniors an opportunity to appear in a wide variety of roles and thereby adding variety to Gould's full schedule of entertainment designed to make full use of the Auditorium's superlative facilities. With memories of the excellent Christmas performance of "Amahl and the Night Visitors" and with keen anticipation for the spring production of the musical "Carnival" under the combined direction of James Owen and Frank Vogt, Bethel patrons are being offered quite a variety.

"Two Crooks and a Lady," the first one-act, has a cast consisting of Gordon Manuel, Sallie Kinne, Jane Look, Karen Young, and Ralph Ogden. This is a melodrama, in which two thieves, intent on stealing a valuable necklace from a paralyzed wealthy grand dame, are foiled by the latter and entrapped by their own greed.

"Ah, Sweet Mystery," number two on the program, has a large cast of extremely weird characters in a truly hilarious farce for laughing purposes only. In the kooky group will be seen James Clifton, Sue Barash, Mary Steidl, Nancy Fox, Linda Lord, Diana Harris, Tyler Moses, and Ray Halperin.

The concluding play is "The Game of Chess," with a scene laid in the days of Czarist Russia; the small cast consists of Tim Wiles, Jack Andrews, John Goodrich, and Tom Daye. After several years' absence from the Maine One Act Play Tournament, Mr. Thompson has entered this play in this all-state contest, in which this year some 70 schools, divided in three geographical groupings, have entered. Preliminary contests will be held in schools to be designated later in mid-March.

The Parable Study Group met with Mrs. Janet Stowell on Wednesday and the topic for study was "The Mustard Seed." On Thursday, Jan. 28, "The Rich Man and Lazarus" will be presented for a deep level study.

A buffet supper is planned for Feb. 11 at the church sponsored by the Fellowship. Mrs. Florence Thurston is general chairman assisted by Ida Newton, Virginia Cole, Helen Forree, Ruthie Vachon, Margaret Meatt, Louise Knight, Estelle Goggin and Elizabeth Glines.

Mrs. Celia Gorman is chairman for the Feb. 2 Chamber of Commerce supper to be served in the church dining room at 6:30.

Mrs. P. W. Croteau, Corcoran, Gerald Harrington, Ralph and Peggy, were callers at the Stanley Wilson's Sunday evening.

Mrs. Dennis Wilson and Mrs. Stanley Wilson attended a tupperware party at Mrs. Neil Merrill's Monday evening.

Mrs. Stanley Wilson and Laurie Roberts and David were in Norway on Friday of last week.

Mrs. Allen Wilson, Mrs. Stanley Wilson and Laurie were recent visitors at Mrs. Malvern Wilson's at Andover.

Mrs. Dennis Wilson and Doug visited her mother, Mrs. Buck on Tuesday at Hanover.

Mrs. Stanley Wilson and Laurie visited Mrs. Robert Osgood recently.

James Lowe had the misfortune to break his ankle Dec. 23.

Mr. and Mrs. Paul Croteau called at James Croteau's at Madan, N. H. recently.

"MEL JODREY TROPHY" SLALOM TO BE HELD SUNDAY, JAN. 24

The annual "Mel Jodrey Trophy" Sunday River Giant Slalom will be held Sunday, January 24 at 10:30 A. M. in spite of the general lack of snow that prevails throughout northern New England. Race Chairman, Al Barth, announced that if there is no significant increase in snow cover before the week end that the race will be held on the Lazy River Trail where abundant snow cover has persisted all year long. This trail saw heavy use throughout last year's early snowless conditions and was the scene of the Maine Class A Schoolboy Championships, the Edward Little Winter Carnival, and numerous Gould Academy ski meets. Over 100 entries are anticipated for the 5th running of this popular race.

The following officials have been appointed: Chief of Course, Herbert Adams, and Paul Knolly; Referee, Richard Marshall; Course setter, Uel Gardner; Chief Timer, Roger Luce; Chief Starter, Roland Glines; Chief Checker, Julian Thompson; Timers, Norris Brown, Norman Greig, Harold Rolfe, Stanley Fox, Murray Thurston, Lewis Sargent, Wilbur Myers, Henry Hastings; Starters, Addison Saunders, Richard Saunders, Dana Douglass, James Hudson; Checkers, Pat Hudson, Dick Bryant, Philippa Glines, Claus Wiese, Steve Trinward, Tom Fadner; Results, Janie Barth; Scoreboard, Dana Brooks, Carolyn Brooks; Registration, Alzeu Sargent, Emily Saunders, Janie Barth, Helen Pierce; Publicity, Nan Timberlake, Ted Chadbourne; Trophies, Jack Trinward; Ski Patrol, Bryce Yates; Awards Addison Saunders, Norma Jodrey.

BORN
In Norway, Jan. 15, to Mr. and Mrs. Thomas Berryment of West Paris, a son, Terry Leigh.

In Hanover, N. H., Jan. 13, to Mr. and Mrs. Walter Marcuse, formerly of Bethel, twin daughters.

MARRIED
In West Paris, Jan. 16, by Town Clerk Marie Hibler, Miss Mary Chase and Francis Buckman, both of Bethel.
